

Bridge the Winter Solstice Challenge

Mon 20 – Fri 24 June 2022

For the second year running the Outdoor Adventure Skills team have set a challenge to Bridge the Winter Solstice, where pioneering bridges are to be constructed on unit nights between Mon 20 and Fri 24 June 2022

Rules

There aren't too many:

- There must be darkness
- There must be fire (perhaps with some sparklers)
- There must be water
- There must be a bridge

Share your success and your stories on Scouts SA Social Media pages, or email bc.oas@sa.scouts.com.au

Reward and Recognition Categories

Rewards and recognition will be done in four categories, with prizes for each:

ADVENTUROUS	This will be for the biggest and the brave. A little bit of preparation work is ok, with the bridge installed on the night.
FUN	Look, there's a good chance one of the nights will be a shocker with wind and rain, this one will be for the scouts that put on their smiles while doing it tough.
CHALLENGING	The core challenge is to arrive on site and construct your masterpiece. No pre-assembly is allowed.
INCLUSIVE	Getting out there and having a go is the best thing you can be doing. This one is for the young and inexperienced learning some things on the way.

Badge Orders

\$2 blanket badges for participants will be available to order up until 2nd July.

https://form.jotform.com/ScoutsSA_OAS/BridgeChallenge

Badges will be posted to groups mid-July.
